Doria Called To Air Acts In Old UAW

Allegedly Brought Dio Into Labor Movement; Will Testify Monday

WASHINGTON (AP)—The man who allegedly brought racketeer Johnny Dio into the labor movement has been ordered to appear Monday before the Senate Rackets Investigating Committee.

The committee announced it has served a subpoena commanding Anthony Doria to appear for questioning about his conduct as secretary-treasurer of the old AFL Auto Workers Union, now renamed the Allied Industrial Workers (AIW). Doria has been ousted from the post with the AIW.

Chairman McClellan (D-Ark) said he also intends to ask Doria about testimony that the AIW agreed to pay Doria \$80,000 and buy him a big automobile in return for his resignation.

Agreed To Pay \$80,000

Earl Heaton, the AIW's retiring president, testified yesterday the union agreed to pay \$80,000 to Doria to get rid of him. Doria was involved in welfare fund scandals. Heaton said Doria has received \$25,000 and a car but that Doria is suing to collect on union notes for the balance of the \$80,000.

Doria sent word he intends to answer any questions the committee asks. Two days ago, Dio invoked the Fifth Amendment 140 times in refusing to answer committee questions, which included some about his alleged relationship with Doria.

Introduced Dio

Lester Washburn, former head of the UAW-AFL, has testified it was Doria who helped engineer Dio's entry into the labor movement as head of that union's Local 102 in New York in 1951. Washburn also said Doria was instrumental in keeping Dio in the union when officials of Dio-controlled locals started running into trouble with the law.

The committee is exploring particularly for evidence McClellan says will show that Dio and James R. Hoffa, Midwest Teamsters Union boss, entered into a corrupt alliance. McClellan says Hoffa hoped to use this alleged tie-up to gain new labor power and that Dio sought to fatten his income through racketeering.

Auto Mishap Fatal To Six

LIVERMORE, Calif. (AP)—An automobile speeding down a long hill crashed head-on into a car going up, killing six persons.

The dead included four of the five occupants of the car going uphill. They were Lt. Col. Clarence E. Fischer, 39, formerly of San Antonio, Tex., a squadron commander at Castle Air Force Base, Merced, Calif.; and Fischer's wife, a baby daughter and a 10-year-old son. A 9-year-old daughter was hospitalized with head and internal injuries.

Dead in the other car were Paul F. Lockett, 40, of Hayward, Calif., a shipyard guard, and his wife, Pauline, 28.

Highway Patrolman Henry Watchborn said the Lockett car crossed the center line and crashed into the Fischer car on U.S. Highway 50 eight miles east of here.

Watchborn said the speedometer of the Lockett car was jammed at 80 m.p.h.

Former President 83 Today

Hoover Sees Inflation, War Clouds Possibility

SAN FRANCISCO (AP)—Former President Herbert Hoover, 83 today, sees two clouds on the horizon — "the clouds of possible war and the cloud of possible inflation."

He refused to prophesy on either at a news conference yesterday in his hotel suite.

Puffing at a pipe which went out twice in the half-hour interview, Hoover appeared hale and hearty. Reporters who have seen him frequently since he left the White House almost 25 years ago said they had not seen him looking so well in many years.

On war, Hoover said "the West has grown definitely stronger, but military values are changing. You can evaluate ground armies and navies, but you can't evaluate growth."

Union Group Attacks Steel Price Boosts

Industry Pioneer Raising Prices When Giving Pay Increase

WASHINGTON (AP)—An AFL-CIO publication said today the steel industry "pioneered the technique" of announcing a price increase at the time of a wage increase.

"The scapegoat under this procedure is ready-made — the union and employees that obtained the wage increase," the union publication added.

It said wage increases did not justify the latest steel price hike.

Policy Group Monthly

These views were set forth in Economic Trends and Outlook, published monthly by the AFL-CIO Economic Policy Committee. There was no immediate reaction from the steel industry.

The union criticism comes at a time when the Senate Antitrust Subcommittee headed by Sen. Kefauver (D-Tenn.) is investigating what it calls "administered" prices, as opposed to those set by supply and demand.

Probes \$6 Hike

The inquiry is presently probing a \$6 a ton price increase put into effect several weeks ago by steel producers.

For the past two days, Roger M. Blough, board chairman of U. S. Steel Corp., has been a witness before the subcommittee. He said the steel price increase, which became effective July 1, fell 2½ per cent short of a 6½ per cent wage increase which was effective the same day. The United Steelworkers Union, which represents production workers in the steel industry, belongs to the AFL-CIO.

Four Trapped Climbers Alive

GRINDELWALD, Switzerland (AP)—Swiss glacier pilot Hermann Geiger reported that all four of the Alpinists blocked on the north wall of 13,036-foot Eiger Mountain were still alive today.

Rescuers from five nations set out today, but with only slim hopes of being able to help them.

Town Hunting For Physician

HURLOCK, Md. (AP)—This town of 900 is doctor hunting. It lost its only physician.

Local organizations have asked the Cambridge-Maryland Hospital to help find a doctor to succeed Dr. William Harrison, who left to practice in upstate New York after 12 years in Hurlock.

Hurlock residents in need of medical care now must go to Federalsburg, about 8 miles away, or Cambridge, a distance of about 12 miles.

Oman Rebels Face British Air Assaults

MANAMA, Bahrain (AP)—British Royal Air Force planes prepared today to begin pinpoint attacks on strongpoints holding up a desert force moving against the rebellious Imam of Oman.

The combined ground force of British troops and supporters of the sultan of Muscat and Oman was stopped yesterday by unexpected resistance from well-prepared positions near Firq.

The ground force commander, British Brig. J. A. R. Robertson, flew to British Persian Gulf headquarters here to request the all-out air assault. A spokesman said "there is no political bar to using whatever force is necessary to overcome this opposition."

When the British first went to the aid of Sultan Said Bin Taimur in the four-week-old rebellion, they sought to avoid killing rebels by air attacks. Yesterday a member of the ground party was reported killed at Firq.

Sam Pope Brewer, New York Times correspondent representing the combined American press with the ground party, reported it withdrew from Firq under fire to nearby Kersha to regroup for attack.

Firq lies a few miles from Nizwa, which is believed to be the Imam's headquarters. Brewer said the Imam's brother, Taleh ben Ali, reportedly has 200 well-trained men at Firq.

Chase After Car Results In Three Mishaps; 5 Hurt

BALTIMORE (AP)—Police chased a suspected stolen car through crowded streets in South Baltimore last night. The chase ended in three separate accidents and caused five injuries.

Police later found that the car they were chasing was not stolen. The pursued car finally collided with another car and careened into a utility pole, causing the inside of a traffic control box to tumble down on three bystanders.

A few minutes later another car rounded the corner and crashed into the rear of an ambulance containing one of the bystanders.

Finally, a fire engine returning from the accident scene was struck by a third car at a nearby intersection.

Besides the three bystanders, the injured included the driver and a passenger in the pursued car.

Says Boosts Basic Cause Of Inflation

U. S. Steel's Tyson States Hike Necessary To Offset Insolvency

WASHINGTON (INS)—A top steel executive today blamed what he termed the "frightening" advance of wages as the underlying cause of the nation's inflationary ills.

Robert C. Tyson, chairman of the finance committee of U. S. Steel Corp., said that management must hike its prices to cover increased employment costs "or face possible insolvency."

As a result, Tyson told a Senate inquiry into steel pricing practices, "inflation has been institutionalized in America."

Offsets Income

Tyson testified after U. S. Steel chairman Roger M. Blough told the committee that steel cost increases would "more than offset" the added income from this year's \$6-a-ton hike in steel prices.

Tyson said that since before World War II, his firm's employment costs have been subject to "continuous high-speed inflation." He told the Senate antitrust subcommittee.

"There is no year in which they had declined. On the contrary, this cost has been compounding year-by-year at the frightening rate of over eight per cent per annum—a doubling per decade."

"Wartime wage inflation is traditional, but such persistent peacetime wage inflation is a new thing in the American economy. We have never had anything like it before. Something new has been added."

Tyson stressed that "Wage inflation underlies all other costs and price inflation" because it is "surprisingly universal and uniform throughout American industry."

Causes Rise In Others

When wages go up in one industry, he said, a parallel rise occurs in others and prices that industry must pay for goods soars. Thus, he said, "for each dollar that our employment costs increase, our total costs increase over two dollars."

Tyson said a "disturbing feature" about "wage inflation" is that it doesn't appear to be influenced by "ordinary economic forces." Whether the nation is at war or peace, whether the money supply is growing or shrinking, the advance in wages continues, he said.

U. S. Steel, he said, has advanced its prices periodically since World War II. But he insisted that the company's profit margin has not widened as a result.

Although employment costs have jumped 284 per cent since 1940, he said prices for U. S. Steel products have risen only 138 per cent.

Disabled Veteran Benefits Okehd

WASHINGTON (AP)—The Senate has approved benefit increases of about 170 million dollars a year for some two million disabled veterans and their dependents.

The measure, shouted through the Senate last night, now goes back to the House for consideration of some minor Senate amendments. The House passed the bill unanimously May 13.

Dulles Urges No Major Cut In Arms Aid

Would Cause Bigger Military Costs, Up Need For Manpower

WASHINGTON (AP)—Secretary of State Dulles says any drastic cut in U. S. arms aid to other countries would lead to bigger military spending and call for more manpower at home.

But members of the House Appropriations Subcommittee which heard Dulles in closed session June 18 seemed ready to vote for heavy slashes in President Eisenhower's \$3,865,000,000 aid request.

The Dulles testimony was included in a subcommittee transcript made public today.

House-Senate conferees already have agreed on an authorization bill setting a ceiling more than half a billion dollars below the Eisenhower request for economic and military aid during the fiscal year which began July 1.

Rep. Passman (D-La.), chairman of the Appropriations Subcommittee which must vote the actual cash in a separate bill, says the amount should be chopped to three billion dollars or less. His group expected to act in the next few days.

Sentiment for deeper cuts also was voiced today by Sen. Ellender (D-La.), a foe of foreign aid spending, who said the reductions voted by the conferees represented an improvement over the \$3,617,333,000 total originally approved by the Senate. But he said he would prefer to "get rid of the program altogether."

ICA Nominee Probe Slated

WASHINGTON (AP)—Members of the Senate Foreign Relations Committee said today they want to take a look at James H. Smith Jr. before passing on his nomination as the new foreign aid director.

Smith, former assistant secretary of the navy for air, was nominated yesterday by President Eisenhower to succeed John B. Hollister as director of the International Cooperation Administration (ICA).

Most members of the Foreign Relations Committee who were available for comment said they were not acquainted with the 47-year-old Aspen, Colo., rancher and lawyer. They said they didn't want to pass judgment on him until he appears before the committee.

Mailers Strike Idles Six Of Seven Boston Papers

BOSTON (AP)—More than 1,250,000 news-hungry greater Boston residents were without local morning newspapers today as a wage dispute involving 300 mailers forced six of the city's seven dailies to suspend publication temporarily. It was the first local newspaper blackout in the memory of veteran newsmen.

One newspaper spokesman said the suspension might be a long one for the six dailies involved—the Morning and Evening Globe, Morning Herald, the Hearst corporation's morning Record and evening American, and the evening Traveler.

Some 5,000 non-striking employees were notified not to report for work shortly after the mailers set up picket lines at 6 p. m. (EDT) last night.

It appeared that the city's three Sunday editions — the Globe, Herald and Advertiser — also would be affected by the strike.

Thus Bostonians' only local source was the evening Christian Science Monitor and radio and TV stations which revised their programs to step up newscasts.

The Monitor mailers are union members but operate under a separate contract.

'Bertha' Ends Threat; Dying Out In Texas

Reaches Hurricane Force Only Briefly; Flood Danger Past

NEW ORLEANS (AP)—Tropical storm Bertha ended its short-lived, threatened reign of terror along the Gulf Coast today and fizzled inland over eastern Texas.

The Weather Bureau's final bulletin on the storm at 4 a. m. (CST) today located it about 20 miles northwest of Beaumont, Tex., with highest winds estimated 30 to 40 m.p.h.

Bertha was moving northwestward at about 10 m.p.h., the bulletin said, and its remains would be in north-central Texas by tonight.

Little Threat Of Flood

There was little threat of appreciable flooding, the Weather Bureau said, although locally heavy showers were likely near the center of the storm and in east Texas.

The bulletin said winds and seas along the Louisiana and Texas coasts would subside today, but warned small craft to remain in port.

Bertha emerged from infancy and grew into a full-blown hurricane for a brief period yesterday as it rumbled in from the Gulf of Mexico. The southwest Louisiana coast, where hurricane Audrey claimed more than 500 lives in late June, was evacuated in the face of swelling tides and buffeting winds.

Heavy Rain, Wind

Heavy rains and locally strong winds were predicted for the east Texas area as Bertha moved out of the gulf last night. The advisory said the storm would weaken progressively as it moved inland.

Tides of five feet, about four feet above normal, washed the Louisiana coast, but diminished today with the heavy seas also subsiding along the Texas coastline.

State Drought Relief Denied

WASHINGTON (INS)—The White House announced today that disaster relief for drought-stricken areas of Maryland and New Jersey has been denied.

In a telegram to governors of the two states, presidential assistant Sherman Davis said that reports show the drought "is not of sufficient severity and magnitude and prolonged duration" to warrant a declaration by the President that a major disaster has arisen.

The White House pointed out that similar requests for aid have been denied to Rhode Island, Massachusetts and Connecticut.

Solons Eye Logjam Break To Speed Civil Rights Bill

WASHINGTON (AP)—House leaders looked hopefully today for an early break in the logjam immobilizing civil rights legislation.

The first move is due to be made when the House reconvenes Tuesday. Rep. Keating (R-NY) announced he will move then to take the controversial bill off the speaker's desk and send it to conference with the Senate.

The main controversy revolves around a far-reaching jury trial amendment written by the Senate into a bill designed to protect voting rights. The House bill contains no such amendment. President Eisenhower opposes the jury

This Manager Smells Holdup

CHICAGO (INS)—Carl Eyer, office manager of a Chicago finance company, can report a holdup before it occurs.

Eyer, who has been held up three times, smelled a robbery coming when he interviewed two men Thursday and asked for police protection.

Sure enough, the two men appeared at Eyer's office yesterday with a toy gun and lengths of clothes line and were arrested by detectives who had hidden in an adjoining room.

Radford Says U.S. Will Rely On Retaliation

NORFOLK, Va. (AP)—Adm. Arthur W. Radford said today that United States policy places primacy on reliance, in event of general war, on a strong retaliatory capability.

He said that capability must be adequate and "ready for immediate application."

Radford, who steps down next Thursday as chairman of the Joint Chiefs of Staff, said that because of budget limitations, military planning dictates that U. S. heavy striking forces must be sufficiently flexible to handle situations short of general war.

These forces, said the admiral, "must be able to handle adequately situations varying from cold war to limited aggressions."

Radford's remarks were prepared for the commissioning of the Ranger, the third of the 60,000-ton aircraft carriers to join the U. S. fleet.

He described the Ranger as a "floating, moving, fighting, self-contained airbase whose power can be projected a great many miles overseas and into an enemy's territory."

Hyde For Pay Hike

WASHINGTON (AP)—The vote by which the House yesterday passed and sent to the Senate a bill giving some government employees an 11 per cent pay raise included:

Democrats for:

Maryland — Fallen, Friedel, Garmatz, Lankford.

Republicans for:

Maryland — Devereux, Hyde, Miller.

By The Associated Press

At scattered points throughout the South, various developments today highlighted the complex and controversial problem of segregation. Two developments seemed to outweigh the others in importance.

1. The Alabama House passed a bill which would prohibit Tuskegee Negroes who are shunning white merchants from establishing their own city. The vote for the bill yesterday was topheavy—75-3.

Negroes began their boycott several weeks ago in the wake of a law which changed Tuskegee's boundaries and placed all except 10 of the 420 Negro voters outside the city limits.

Any Bus Seat

2. At Miami, Fla., the NAACP told Negroes to sit wherever they wanted to sit on city buses. "Ride wherever you like," said the NAACP.

The announcement followed an order from U.S. District Judge Emmett Choate that segregated seating in Florida's largest city must end by Sept. 1.

No immediate flocking of Negroes to the front seats was reported, however, nor were there any reports of friction or disturbances among white and Negro riders.

"Actually," said the Rev. Theodore Gibson, president of the Miami chapter of the National Assn. for the Advancement of Colored People, "Negroes have been riding at the front of buses in Miami for the past several months without any major incident."

Not Constitutional

Choate twice had said from his bench that bus segregation laws were not constitutional and his ruling came as no surprise.

City Atty. George Okell said he planned to appeal Choate's ruling. Elsewhere, these developments were noted:

At Nashville, the Tennessee Board of Education ruled out integration this year in schools under its jurisdiction. The few Negro graduate students already enrolled will not be affected.

A federal court of appeals recently turned down a "stair-step" plan for beginning integration at Memphis State College, and the board yesterday said it would name a committee to draft a new plan.

Outside the board's jurisdiction is the University of Tennessee, where Negroes were admitted to the graduate schools several years ago.

At Philadelphia, Atty. Raymond Pace Alexander said he planned (Continued on Page 2, Col. 7)

'Kingpin' In TV Tube Racket Ring Nabbed By Police

NEW YORK (AP)—A 44-year-old man described by police as the kingpin of a TV tube racket here has been arrested in Virginia. Bronx Detective Kenneth S. Shields arrested Joseph Mazzuka at his home at Alexandria, Va. The arrest was announced yesterday by New York police.

Shields said he found 15,000 worn tubes in the man's home. He said he also discovered special inks and branding equipment allegedly used to make the worn tubes look like new.

Mazzuka was indicted for conspiracy by a Bronx grand jury last June. He is now free in \$20,000 bail after arraignment in Fairfax County Court on a fugitive charge.

Bronx Dist. Atty. Daniel V. Sullivan described Mazzuka as "the largest re-brander operating."

Drought Hits Hard At Two States' Crops

Corn Smallest In 14 Years; Outlook Said Gloomy For Others

COLLEGE PARK, Md. (AP)—The current drought has hit Maryland and Delaware crops and hit them hard.

As an example, the Crop Reporting Service said the corn crop in both states will be the smallest in 14 years. The August report is just about as gloomy in regard to other crops.

Crop Reporter Creighton N. Guellow said the drought has affected crop production in virtually all of the two-state area except Allegany and Garrett counties. He said the worst damage has been in the mid-section of the DelMarVa peninsula and in Southern Maryland.

The report said Maryland's tobacco crop is expected to be the smallest in 12 years and soybean production in both states is expected to drop 25 per cent from last year.

Hay is off in both states. The crop is expected to be the smallest since 1944 in Maryland and since 1930 in Delaware. The outlook is equally pessimistic for vegetables, with sweet corn particularly hard hit.

Man Ends Life In Prison Cell

BALTIMORE (AP)—A Baltimore man in jail for disturbing the peace was found dead in his cell last night at Eastern District Station.

The victim was identified as Andrew W. Niewiadomski, 54 (of the 600 block S. Luzerne Ave.). Police said the man had been hanged with a belt. There was no immediate ruling from the Medical Examiner's office.

The man — whose occupation was not listed — had been jailed about five hours earlier on a complaint sworn out by a Mary Niewiadomski.

'Slow Pokes' On Bay Bridge To Face Fine

BALTIMORE (AP)—Chairman Robert O. Bonnell of the State Roads Commission says state police are going to crack down on slow-poke motorists who tie up traffic on the Chesapeake Bay Bridge.

Bonnell said many motorists slow down at the bridge's highest point to sightsee, and from now on fines of \$1 to \$100 established by a 1957 legislative act will be imposed on violators.

Police Skeptical Of Man's Story Of Old Slaying

BALTIMORE (AP)—Skeptical police today checked out a 59-year-old Philadelphian's story that he committed a 1931 murder on which they have already closed the books.

Robert M. Doyle was brought to Baltimore from Media, Pa., where he told police he fired the fatal bullet in the holdup slaying of John W. Anderson.

Anderson, 40-year-old milk truck driver, was shot down April 20, 1931.

Herman W. Duker, then 23, and Dale Lambert, then 18, pleaded guilty to murder charges in the case. Duker was sentenced to death, received a commutation to life imprisonment and is still in the Maryland penitentiary, Lambert, sentenced to life, was paroled in 1943.

Doyle told police he, Duker and three other men committed the holdup and Doyle himself did the actual shooting. Police said he did not name Lambert as one of the other three.

Mostly Skilled Workers:

Only 192 Hungarians Sent Back Home Out Of 33,542

WASHINGTON (INS)—The government reported today that Hungarian refugees admitted to the U. S. are "largely young and vigorous people," and that nearly three-fourths of them are professional workers, craftsmen or other skilled workers.

The immigration service, in a mid-year report, added that of 33,542 Hungarians admitted as immigrants or parolees, only 192 were either deported or returned after careful screening.

The Justice Department said that among those returned were 16 with Communist affiliations and 29 who obtained admission through fraud. Another 76 chose to rejoin close relatives in Hungary and the balance were unable to readjust to life in the U. S.

The entire Immigration Service, the report said, has been "alerted to make immediate investigation of any allegations, complaints or rumors which came to light," in connection with the refugees from the revolt against the Communist government in October and November last year.

A total of 2,346 cases that warranted investigation were received, and of this number 1,618 were completed by June 30.

The report added that since May 15, the aim of the parole program has been changed to emphasize the re-uniting of families separated by the revolution.

Greenbelt's Ban On Pets Will Remain

GREENBELT, Md. (AP)—Officials of this cooperative community decided last night that the town isn't going to the dogs. Despite protests from a dogged group of pet lovers, the directors of Greenbelt Homes, Inc., near Washington, ruled that a contract signed by residents which forbids pets must be upheld.

A few months ago a survey of Greenbelt residents indicated an overwhelming disapproval of pets. But an estimated 200 or more dogs are said to be roaming around the area.

So the directors decided to issue what amounts to a warning to the more than 200 violators of the contract. Eviction notices to those who failed to heed the warning will be mailed out later this month.

Although apparently in the minority, the pet lovers weren't taking all this lying down. They protested vehemently to the directors. But for the time being anyway the dogs are doomed.

Police Probe Death Aboard Fishing Boat

ATLANTIC CITY, N.J. (AP)—State Police held a Delaware fishing boat and 40 some crewmen here last night as they sought clues to a suspected murder.

The fishing boat, McKeever Brothers, out of Lewes, Del., was picked up off shore here by the Coast Guard.

State Police and Ocean County police were investigating of a strange tale that apparently began a mile out in the Atlantic from Seaside Heights, N.J.

There, Capt. Maxwell Hudgins of Mathews, Va. radioed the Coast Guard that he had a man aboard the fishing boat needing medical attention.

When the Coast Guard intercepted the boat they found not one man but two, prostrate on the deck—one dead. Not until Dr. Thomas Wortheimer, Ocean County coroner, examined the body of Lawrence Darby, 50, Negro of Sharp, Va., did police suspect any foul play.

Darby died of a tiny puncture wound in his left chest through a heart artery, police said.

The other man, Philip Veney, 39, Emonton, Va. Negro, was taken unconscious to the Point Pleasant Hospital.

Mailers Strike

publisher of the Herald-Traveler labeled the walkout, "cruel and wicked."

"We have already signed contracts with all but two of our major unions—the mailers and the stereotypers," he said. "In this way a complete impasse has been reached that defies any solution by the publishers and the federal and state conciliation services."

Joseph P. Bailey, third vice president of the ITU, said the Boston mailers hope to boost their scale closer to the national average of \$110 a week. Their present average weekly wage is \$94.13.

The mailers, who have been negotiating with the publishers since last November, turned down an offer of a two year contract calling for a \$4.50 weekly increase the first year and \$3.50 the second.

"The union would be willing to accept a two year contract granting \$7.75 the first year and further negotiations for a second year wage increase," Bailey said.

4-H Youngsters Complete Outing

COLLEGE PARK, Md. (AP)—A happy group of 4-H youngsters, more than 1,100 of them, went home today with plenty to talk about in their local organizations.

The boys and girls whose creed is Heart, Head, Hand and Health attended the annual State 4-H Week here on the University of Maryland campus. It began Monday and ended last night.

The big event yesterday was selection of a 16-year-old Carolina County girl as winner of the dress revue contest. Anne Plummer of Preston, top prize winner among 58 contestants, will represent Maryland at the National 4-H Club Congress in Chicago Dec. 1-5.

Billy Graham Begins Youth, Home Series

NEW YORK (INS)—Attendance at Billy Graham's drive to "bring God to New York," was expected to near the 1½ million mark over the weekend as the young evangelist opened his special series on "Youth and the American Home."

Some 14,000 at Madison Square Garden last night, in the 77th night of the crusade, heard Graham preach on Manasseh, king of Israel and "the wickedest man that ever lived."

Speaking from a text drawn from II Kings 21, the evangelist drew parallels between the times of Manasseh and today.

"We should learn from this text," Graham said, "that God judges not by the act alone, but also on the intent . . ."

He called adultery the "most prevalent sin in America . . . not only by act, but also by looks, thoughts, and even the repetition of obscene stories, do we break the Seventh Commandment," he said.

The 335 persons who answered his call for "Decisions For Christ" brought the total since the crusade opened to 44,172.

Away from it all

Would you like to be able to go to a retreat like this when you are worried—a place where you could be alone with your thoughts—a place where you could untangle your problems?

If you would, then you are like most people. Everyone needs a retreat, at moments. And everyone has one! It isn't a mountain cabin or a seaside cottage—but it is a place far better suited to prayer and contemplation, a place to sort out old errors and make new resolutions. It is your church.

Let your church be your sanctuary. Go to it when you are troubled. You will find within its walls your moment of peace, and you will walk out into the street again far better able to make the most of your life.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Grayson Sees Next Bomb Rocking Cleveland Club

By HARRY GRAYSON
NEA Sports Editor

CLEVELAND—(NEA)—The next big baseball bomb is quite likely to rock Cleveland.

The situation on the lakefront is of grave concern to the American League, already saddled with a hopeless set-up in Washington and dwindling interest in Kansas City.

A bold stroke must be made when attendance drops nearly two million in nine years, which is the sad story in Cleveland, a franchise made the best in the business by the master showman, William L. Veck, Jr.

The out-and-out panic in Cleveland is much too serious to be assuaged in the customary easiest-way-out — by firing the manager, in this case Kirby Farrell, who hardly has been around long enough to become acquainted.

May Sell Club

It easily could result in the sale of the club by the practically absentee principal owners and financiers, William R. Daley and Ignatius Aloysius O'Shaughnessy, the latter of St. Paul.

The number of paying guests has fallen off so alarmingly that there has been substantial talk of switching the Indians to the new stadium in Minneapolis.

A much more likely development would be the dismissal of Hank Greenberg as general manager.

There are numerous reasons given for the gradual decline of Cleveland attendance from the all-time major league record of 2,820,000 in 1948. The record shows that the fans did not quit on the Indians easily or suddenly. There were 2,233,000 paid in 1949, 1,727,000 in '50, 1,704,000 in '51, 1,444,000 in '52, 1,069,000 in '53, 1,335,000 in the pennant-winning year of '54 and 1,221,000 in '55.

Fall Below Million Mark

Last year the attendance dropped below the million mark for the first time since the last of the Alva Bradley days in 1945. It was 865,467.

This year the Indians will be hard pressed to draw 700,000. They attracted no more than 532,258 in their first 51 games, went above the half-million mark only with the aid of the last week-end series against the Yankees, which drew 109,000.

The remaining home schedule is totally unattractive and the latest disaster in New York isn't going to help things any.

There is organized resentment against the front office, particularly Greenberg, who pulls well with everybody except the addicts who have to support his policy.

Akins Planned Victory Over 'Sugar' Hart

CLEVELAND (AP)—Veteran Virgil Akins' eighth round T.K.O. of young Sugar Hart last night was an upset to the bettors, but Akins says he planned it that way.

"I figure I piled up enough points in the first two rounds to coast a while," said the 29-year-old Akins from St. Louis, who went in a 5-7 underdog despite his third-spot ranking among welterweights, six notches above Hart. Both weighed 148.

'Knew He Had Him'

"After I landed a hard left to his body in the seventh I knew I had him," Akins said, although it wasn't obvious at all to the sparse crowd of about 1,000 who saw the televised fight in the Cleveland Public Hall.

The two judges had Akins barely ahead on points at the end of six rounds, and Referee Lou Parker had Hart ahead 28-27. Hart had staggered Akins in the fifth round with a hard right and two left uppercuts, but the veteran weathered the storm and came back to win the sixth.

Sugar Suddenly Chilled

Hart, a 21-year-old from Philadelphia, seemed to be sailing along in good shape in the seventh, when Akins suddenly chilled him with that overhand right.

Hart went down for the automatic eighth count. He lasted till the bell, but could hardly find his way to his corner. In the eighth, Akins backed him into a neutral corner and shelled him into helplessness before the referee stepped in after 49 seconds.

June Dillman Sets Harness Race Mark

VERNON, N. Y.—(INS)—June Dillman made harness racing history last night at Vernon Downs when she became the first woman driver ever to score a two-minute mile in a harness race.

The New York native drove Red Dominion, an eight-year-old chestnut gelding, to a 1:59.4 victory in the eighth race. It was a track record for aged pacing gelding and also a national season's mark for age, gait and sex.

Miss Dillman thus smashed her own world's record for lady drivers, a 2:00.2 set at Vernon Downs last year with the same horse. The track mark, for age, gait and sex was formerly 2:00 flat by Carter Chips and Frisco Rebel and the season's standard had been 2:00.2 by Sea Eagle.

Senators Meet Corgs

The Indians of the Dapper Dan Little League will play Corriganville's Little Leaguers tomorrow 6:30 p. m., at Corriganville. Local players seeking transportation, for the championship tomorrow, are to contact manager Jim Sisk, row.

HANK GREENBERG

in Cleveland. For some reason, old Hankus Pankus is murdered by followers of the Tribe, treated as though he had just dropped in to lose another game.

Tired of Being Second

The fans grew tired of running second—five out of six years. The Giants sweeping the 1954 World Series in four straight from an outfit which won a record 111 games hurt badly.

Games were telecast a bit too freely for a spell and the trade didn't like it when the free ride was abbreviated.

The Indians are a dull, uninteresting lot with no spectacular individual attraction.

Despite new turnpikes, the customers no longer come in droves from out of town.

Bill Veck was called back this year, but fireworks, roving musicians and give-aways no longer worked.

Meanwhile, the Indians dropped far off the pace, and the clamor for a new deal all around became louder.

It will take all that—and then some—to bring back what until recently was a matchless piece of baseball property.

Thorobreds Knot Pony Chase With Stallions Losing

Stallions	2 1
Thorobreds	1 2

A seven-run first inning and a steal of home in the extra-inning eighth knotted the Pony Baseball League race yesterday with Stallions and Thorobreds in the two-way tie.

Tom Davis of Colts pilfered home to give the Colts an 8-7 victory over Stallions at Penn Avenue Field. Thorobreds whipped Mustangs, 10-3, at Fort Hill Field in a contest halted at the sixth because of darkness.

The loss by Stallions was the first in four games while Thorobreds notched their third in four starts. Colts are even in four outings while Mustangs have dropped four without winning.

Davis of the Colts singled, advanced to third on passed balls and pilfered home with the winning marker in the extra inning battle.

Hugh Reed, winning pitcher, walked a two-run homer, Bud Allison and Davis collected two hits each, Richard Marralle batted a triple and Norris excelled at second base for the Colts. Wayne Shook of the Stallions smacked a triple with the bases loaded and also obtained a single. A running catch by Gulbranson in center field prevented the Colts from winning the game in the bottom of the seventh.

The Thorobreds racked up seven runs in the first inning in turning back the Mustangs. John Mills was the winning hurler and Baldwin the loser. Ed Weaver and John Mills of the Thorobreds and Atkinson and Cunningham of the Mustangs obtained two hits each.

Frederick Needs Win In Tourney Today

COLLEGE PARK, Md.—Parkville emerged today as the only undefeated team as the Maryland American Legion Junior Baseball playoffs entered the championship round.

The Baltimore County entry stayed unbeaten yesterday by whipping Frederick 10-4 while Seat Pleasant whitewashed Pocomoke 19-0, in the double-elimination tournament.

Frederick and Seat Pleasant, each with one victory and one loss, met in today's third-round game to determine which will play Parkville, holder of a 2-0 record, for the championship tomorrow.

Braves 'Hot,' But Nobody Conceding Flag

Brewers Rip Cards To Up Edge; Birds Whip Yanks

NEW YORK—(INS)—Nobody, but nobody, including Mayo Smith of the fifth-place Phillies, is conceding the National League flag until the last shot is fired.

But nobody is betting either that Milwaukee won't be on top when the smoke lifts, not while the Braves are capable of committing the mayhem they did last night in shoving their closest pursuer, St. Louis, 3½ games behind.

Batter Four Card Hurlers

The Braves worked over four Cardinal pitchers for 18 hits, ten of them for extra bases, and a 13-to-2 victory which was their fifth in a row and provided the Cards with their fourth straight defeat.

Freddy Hutchinson's Redbirds, who were in charge of things by half a game four days ago, started their 21-year-old bonus pitcher, Lindy McDaniel, but the Braves blasted him for five extra base hits and six runs in the first three innings.

Red Schoendienst and newcomer Bob Hazle banged out four hits apiece and everyone in the starting lineup but catcher Del Rice took part in the slugathon.

Bob Buhl, meanwhile, was scattering nine hits for his sixth straight victory and his 15th against six defeats.

Brooklyn remained five games out with a 4-to-2 victory over Pittsburgh and Cincinnati broke its fourth-place tie with Philadelphia by beating Chicago twice, 9 to 7, and 6 to 4, while Robin Roberts was losing his 15th for the Phils, 6 to 2, at New York.

Nieman Beats Yankees

Bob Nieman drove in all of Baltimore's runs as the Orioles trimmed the Yankees' American League lead to four games with a 4-to-3 victory that put the Birds back into the first division.

Nellie Fox drove in a run in the 11th inning of the only day game to give Chicago a 5-to-4 decision over Detroit. Washington continued to surprise with an 8-to-0 blank job on Boston and the Kansas City Athletics pushed one over in the 13th to nose out Cleveland, 3 to 2.

Schoendienst' single got a four-run inning started in the third at St. Louis after Del Ennis had clubbed his 16th home run for the Cards. A triple by Eddie Mathews, Hank Aaron's 32nd homer and a double by Wes Covington routed McDaniel. Hazle, Mathews (21) and Covington (13) also hit homers for the Braves.

Rookie Danny McDevitt won for the Dodgers with ninth-inning assistance from Sandy Koufax and Clem Labine and homer No. 27 in the eighth inning by Duke Snider, who had missed the six previous games because of a bad knee.

Burgess Paces Reds

Smoky Burgess gave Cincinnati its first win over Chicago with a three-run home run in the eighth inning and brought the Redlegs from behind in the nightcap with a two-run homer in the sixth. George Crowe and Frank Robinson also gave Johnny Klippstein homer support in the opener. Joe Nuxhall won the second game in relief.

Nieman beat Whitey Ford (7-3) with his tenth homer in the fourth inning at Baltimore and a three-run double in the sixth. Bill Wight was credited with handing the Yankees their third straight defeat.

The Senators won their seventh in the last eight games on the Pedro Ramos' six-hit shutout. It was the Cuban right-hander's ninth win of the year and his 11th in 14 lifetime decisions with Boston. Art Schult knocked in four runs with four hits and Roy Sievers had a double and two singles.

Williams Hikes Average

Ted Williams got two for four to hike his league-leading average to .391 and run his consecutive game streak to 17.

Virgil Trucks relieved Ralph Terry in the 12th inning to pick up the Athletics' victory at Cleveland. Woody Held homered for the A's and Vic Wertz and Roger Maris homered for the only Cleveland scores.

Lions Defeat Elks In Frostburg Loop

Jim Wilson tossed a one-hitter and fanned seven as the front-running Lions whipped Elks, 3-1, in a Frostburg Little League game yesterday.

A homer by Ralph Spriggs in the first was the only hit off Wilson. The Lions' hurler also collected two of his team's six hits. Harold Winters, Elks' pitcher, fanned 10.

Lions 3-0 000-01-3 6 3 Elks 1-0 000-01-1 1 2 (J. Wilson and Ziller, H. Winters and Delaney, HR—Spriggs (Elks).

Wildcats Win, 10-6

The Columbia Street Wildcats clobbered the Fintel-Pocahontas team, 10-6, yesterday at Pocahontas, Pa. Chris Pfeiffer led the locals' 12-hit attack with three safeties while Rickey Lynch, Bill Deffenbaugh and Terry Ziegler hurled for the winners.

CAPLESS WILLIE STEALS HOME — New York Giants outfielder Willie Mays steals home, capless, well ahead of throw to Philadelphia Phillies catcher Stan Lopata in first inning at Polo Grounds last night. Unusual play developed when Willie, on first, sped to

third on a run-and-hit single to left field by Ray Jablonski. When Phillies left-fielder Harry Anderson held the ball, Willie raced home well ahead of relay from Anderson to pitcher Robin Roberts to Lopata.

City Softball Race Finishes In Deadlock

W L	W L

Old Exports	5 15
Hermans	15 5
Blue Ribbon	4 16
Old Germans	11 9

The City Softball League race ended in a two-way tie between Knights of Columbus and Hermans yesterday as the latter finished its season with a 6-3 victory over Old Exports at Stichter Field.

However, in the playoffs which get underway next Wednesday, the Casey drew first place with the Hermans taking second for the best-of-three rounds. The Knights will meet third-place Old Germans with Hermans facing Old Exports.

Both Win 15, Lose Five

The deadlocked leaders posted 15 wins and five losses over the season with Old Germans, loser by 7-4 to last-place Blue Ribbon Bakery yesterday at Allegany Field, taking third with a 11-9 mark and Old Exports finishing fourth with 5-15. The Bakers won four and lost 16.

Hayden Phillips notched his sixth win in eight decisions for Hermans yesterday, holding the Old Exports to only five hits, two by Mike. "Hot Rod" Breedlove had a double and single and "Ref" Moreland a pair of singles for the winners. "Sonny" Shaffer, the loser, posted a 4-8 mark for the campaign.

Bakers Rally To Win

Blue Ribbon snapped out of it with six runs in the top of the seventh to set down Old Germans. Bill Hudson's single scored the deciding tally as the Old G's saw their winning streak ended at five games.

Hudson and Jake Koelker had two hits each for the Bakers. Sonny Method collected a triple and two singles for the Old G's. Losing pitcher Bob Hook cracked a home run to give the losers a short-lived 3-1 lead. Neil Toey went the route for Blue Ribbon and notched his third win of the season.

Roy Perrell played a nice defensive game at third base for the winners. "Brindle" Long turned in a nice backstopping job for the losers.

Senate Okays Bill For New Nat Stadium

WASHINGTON (AP)—The Senate passed by voice vote last night a bill authorizing construction of a new six million dollar stadium to become the new home of Washington's professional baseball and football teams.

The bill, already approved by the House, now goes back to that chamber for consideration of amendments written into it by a Senate committee.

The measure carries no appropriation, but would authorize the armory board here to issue six million dollars worth of bonds—to mature in 30 years—to finance the project, and to borrow \$35,000 from the Housing and Home Finance Agency to finance planning of the stadium.

Olson, a former San Franciscan who whacked out a 10-round decision over veteran Joey Maxim in his first comeback fight here last June, scaled a surprising 187 pounds in a preliminary weigh-in yesterday. His handlers had hoped to have him down to 182. McMurtry weighed 186½.

The odds, estimated at 7-5 for Olson on the eve of the fight, were expected to dwindle somewhat by the time McMurtry's supporters from his home town of Tacoma, Wash., arrived in force.

Lambeau Sees College Stars Bolstering Pro Ranks

Future Stars Lose, 22-12, To Champ New Yorkers

CHICAGO (P)—The College All-Stars, defeated by the New York Giants, 22-12, last night in rain-soaked Soldier Field are going to bolster the ranks of pro football.

Take it from their head coach, Curly Lambeau, one of the pioneers in the National Football League.

'Going To Do Well'
"The rain beat us," said Lambeau, who organized the Green Bay Packers, "but this was a great team and all these boys are going to do well in pro ball."

Curly blamed himself for the defeat.

"I'm not alibing, but I think the weather made the difference," said Lambeau after the game. "Our entire attack was set on split-second timing and the rain ruined us. The wet field threw us off and all I can say is we put our eggs in one basket and I failed. We were hoping and praying for dry weather."

Lambeau sang the praises of John Brodie of Stanford and Billy Ray Barnes of Wake Forest. "I think Brodie is a helluva quarterback and that Barnes is a great one. They'll both do well as pros. In fact, all these boys will."

Brodie Disappointed
Most of the All-Stars were thrilled over playing against the National Football League champions and felt they did as well as could be expected but such was not the case with Brodie who has been drafted by the San Francisco 49ers.

"I think I played awful," said Brodie. "I couldn't get away back there and when the rain came we were dead. The ball felt like a watermelon to me. We were going good in the second half but then it started to rain again. I can't take anything away from the Giants. They beat us fair and square and it was a lot of fun."

Abe Woodson of Illinois, Paul Hornung of Notre Dame, Jimmy Brown of Syracuse, Jon Arnett of Southern Cal all thought it was fun playing against the Giants.

Giants Whip Stars At Passing Game

CHICAGO (P)—The College All-Stars were supposed to teach the pros a lesson in passing, but the New York Giants used just that weapon in spanking the campus grid kids, 22-12, at rain-drenched Soldier Field last night.

Two aerial shots by 33-year-old Charley Conerly, 10-season Giant veteran from Mississippi, to 28-year-old Ken Mac Afee, swung it for the National Football League champions.

The All-Stars, hanging their hopes on the arms of Stanford's John Brodie and Notre Dame's Paul Hornung, performed extremely well—but the college pass patterns just didn't develop as well as those of the Giants.

It was a rugged victory for the Giants. The collegians who most made them hustle, besides Brodie and Hornung, included a cracker-jack back from Wake Forest, Billy Ray Barnes, Southern California's Jon Arnett, Michigan State's John Matsko, Syracuse's Jim Brown, Illinois' Abe Woodson, and Mississippi's Paige Cothren.

Barnes scored the only All-Star touchdown on a 2-yard plunge in the first period to give the collegians a 6-0 lead. He nearly broke away for a touchdown in the second quarter, but was nailed after a 29-yard run.

Barnes' sprint set up the first of two field goals by Cothren, and left the All-Stars trailing only 10-9 at halftime. Cothren's first boot covered 12 yards. His second, in the fourth period, was a 25-yarder to shave New York's margin to 17-12.

'America Netters Dominate Finals Grass-Court Play'

SOUTH ORANGE, N. J.—(INS)—Third-seeded veteran Davis Cupper Vic Seixas of Philadelphia met sixth-seeded Gil Shea of Los Angeles today in the first semifinal of an All-American Eastern Grass-Court tennis championship.

Fourth-seeded Dick Savitt of South Orange, N. J., was to play Ham Richardson, top-ranking U. S. player from Westfield, N. J., for the other finalist's berth.

Seixas, Richardson and Savitt knocked out his late Australian yesterday with 33-year-old Seixas upsetting top-seeded foreigner Ashley Cooper, 6-3, 7-5; Richardson tripping No. 4 Aussie, Roy Emerson, 8-6, 6-1, and Savitt out-gunning No. 3 man Mal Anderson, 11-9, 6-4.

Shea defeated Herb Flam of Los Angeles, 4-6, 12-10, 6-3. Second in the women's division, seed-in-women's Hopps of Seattle and fourth-seeded Mary Ann

Giants Ready To Pack Bags For New Home

NEW YORK (P)—It begins to look as though all the New York Giants have to do to move their National League baseball franchise to San Francisco is pack their bags.

President Horace Stoneham, who has said for a month or so he would move as soon as he received a "satisfactory proposition," announced yesterday he has received "a very firm and fair offer" from Mayor Christopher of San Francisco.

Board To Act
All that remains, apparently, is a formal presentation of the San Francisco offer before the club's board of directors, which Stoneham added he would do "within the next 10 days."

While no Giant official revealed any details of the San Francisco bid, Stoneham and Vice President Chub Feeney looked happy after emerging from a long conference over the offer yesterday.

The San Francisco package reportedly calls for:

1. City construction of a 45,000-capacity stadium;

2. A rental fee figured at 7 per cent of gross attendance each year;

3. Giants' control of concessions;

4. City control of parking facilities.

Suitable Stadium Must
A suitable stadium and agreeable rental fee are the "musts" the Giants have been looking for in any offer.

The San Francisco bid fills the bill, and apparently junks hopes by Minneapolis officials of luring the Giants there.

A shift to San Francisco by next season—already approved by the National League—would find the Giants playing in Seals Stadium until the city stadium is completed. The Seals Stadium, with a capacity of 22,000 would be vacated by the Pacific Coast league once the Giants had settled "damages" with the minor league for invasion of its territory.

Calhoun 'Automatically' Forfeits Amateur Status

NEW YORK (INS)—Olympic 110-meter hurdles champion Lee Calhoun has "automatically" rendered himself ineligible for further amateur athletic competition by marrying his bride on a nationally-televized show.

The Amateur Athletic Union warned the 24-year-old North Carolina College star that he would "automatically" forfeit his amateur standing if he married on the "Bride and Groom" TV program.

Calhoun, who said he would appeal any such action, defied the AAU ban yesterday and married Miss Gwendlyn Bannister.

Dan Ferris, AAU executive secretary, said the televised ceremony would be an "exploitation" of Calhoun's fame as an athlete.

Mitchell of San Leandro, Calif., gained today's semi-finals when Miss Hopps beat Pat Naud of San Mateo, Calif., 6-2, 4-6, 6-3, and Miss Mitchell disposed of 14-year-old San Diego, Calif., prodigy, Karen Hantze, 6-1, 11-9.

Question Is—Will Snead Blow Golf's Top Prize?

By CHARLES CHAMBERLAIN
CHICAGO (AP)—Will Sam Snead blow golf's biggest money tournament?

Some of the pros in the field of 100 think that the only way Sam will be kept from carting off \$50,000 in cash and a \$50,000 exhibition contract will be by beating himself.

Two-Stroke Edge
Snead today entered the third round of Tam O'Shanter's "world" jamboree with a two-stroke edge. He slammed a 69 to go with an opening 65 and pulled up at the half way junction yesterday with a 10-under-par 134.

Al Balding, a lanky 33-year-old Canadian, wheeled into second place with a 69 for 136.

Would Balding like to play with Snead in the final two rounds of this money struggle?

"Let's put it this way," smiled the Toronto pro. "Would Snead like to play with me?"

Recall Other Tourneys
While Balding wasn't figuring on a Snead blowup to beat him, some of the other pros were thinking it would take just that. They recalled how he had soared out of the lead in other tournaments and also how he could return strongly after being behind.

Four strokes behind Snead with 138 were Shelley Mayfield and Mike Souchak. Bunched at 139 were Ed Oliver and Tony Holguin while Bob Rosburg and Arnold Palmer were bracketed at 140.

Bristol, Lyndhurst Clash For Ruth Title
LYNCHBURG, Va. (P)—Bristol, Pa., and Lyndhurst, N. J., collide here tonight in the championship match of the Mid-Atlantic Babe Ruth Baseball Regional Tournament.

The clutch pitching of little Frankie Williams gave Bristol a 7-3 victory over Baltimore in last night's semifinals after Lyndhurst had edged Clarksburg, W. Va., 4-3 in eight innings.

Williams gave up only five hits, but his wildness kept him in constant trouble. Baltimore pitcher Bob Keane also was wild, surrendering eight walks, and Bristol piled up a 7-2 lead in the first five innings for an easy triumph.

Billy Monisera's third double, a 355-foot drive off the fence in right center, drove home Lyndhurst's winning run in the extra inning victory over Clarksburg. Errors played a prominent part in the early scoring by both teams.

Josh Culbreath Sets 440-Hurdles Record

OSLO, Norway (INS)—Josh Culbreath of Norristown, Pa., broke the world record for the 440-yard hurdles yesterday with a clocking of 50.5 seconds at a meet in Oslo.

The listed record of 51.3 is held by Russia's Yuri Lituyev. Gerhard Potgieter of South Africa, trimmed that last April to 50.7 seconds, a mark which is awaiting ratification.

Neft, Floyd Play In Tourney Finals
MOUNTAIN LAKE PARK, Md. (P)—Phil Neft and Donald Floyd, seeded one-two, headed for the title showdown today in finals of the Western Maryland Tennis Championships.

The top-ranked Neft was forced to three sets yesterday before polishing off John Harris, fellow Washingtonian, in the semi-finals, 8-10, 6-1, 6-4.

Colts Likely To Stand Pat On End Jobs

(First of a Series)
WESTMINSTER, Md.—(Special)—It's not to be construed as a "closed corporation," but the Baltimore Colts' offensive and defensive ends are again on the scene and it will take a superlative showing by a rookie if he's to break up the existing combinations.

Offensively, ends Jim Mutscheller of Notre Dame, and Raymond Berry of SMU, ranked fifth and ninth in National Football League receiving last year, are back at the job and looking as sure-handed and nimble as ever before. In the case of Mutscheller, he's even quicker—according to the stop watch—than he was in 1956, despite the fact that he's a year older.

Girard In 10th Year
Two rookies, Joe Neal Grisham of Austin Peay College and Connie Baird of Hardin-Simmons, who was the nation's third leading receiver in major college statistics last fall, haven't indicated they will be able to chase Mutscheller and Berry out of training camp.

One veteran, Earl "Jug" Girard of Wisconsin, headed into his 10th campaign of NFL play, has been working at offensive end as well as halfback. The same for Chuck McMillan, a service returner from John Carroll. McMillan's halfbacking has been exclusively on the defense and Head Coach Weeb Ewbank says, "He seems to be a lot rougher than he was when we had him in 1954."

Ewbank Elated
As for defensive ends, All-Pro Gino (The Giant) Marchetti of San Francisco U., and Don Joyce of Tulane promise nothing but misery for opposing quarterbacks. Marchetti has always been a rugged pass rusher, but Joyce, 15 pounds lighter at 239, is exerting more pressure than previously.

Ewbank is elated at the attitude displayed by Marchetti, who remains after practice and coaches aspiring rookies. "It can't help but toughen them up," beams Ewbank.

Three freshmen, all with small college backgrounds, are trying to win jobs at defensive end. They are Ordell Braase of South Dakota, Harwood Hoelt of South Dakota State, and Bill Danenhauer of Emporia. "Braase has impressed us with his strength," Ewbank says, "but of course an end has to do more than just run through a man."

Ellerslie, 'Savage' Cop Pony Openers

Pennant-winning Ellerslie and runnerup Mt. Savage came through with victories in the opening of the Bi-State Pony League playoffs yesterday on the winners' diamonds.

Ellerslie whacked Cresaptown, 12-3, while Savage blanked Lonaconing, 10-0. The teams exchange fields for the second games in the best-of-three series next Monday at 5:45 p. m.

Twain Lowery scattered five hits and struck out five as Ellerslie bagged the opener. Donnie Lowery rapped a triple and two singles and Royce Waltman also had three blows for manager Curtis Hickle's team. Shortstop Kamauf of Cresaptown banged a triple and single.

The second game of the series is set for Monday at 5:45 p. m. at Cresaptown.

Bobby Green tossed a three-hitter and whiffed six in the Mt. Savage triumph. One of the hits was a two-bagger by Hunt.

Ronnie Emerick blasted a homer and single, Tommy Deffenbaugh hit a round-tripper and Fay Often obtained a double and single as manager Ralph Dickel's outfit collected an even dozen blows.

Lonaconing will be the scene of the second game of this series Monday at 5:45 p. m. Scores: Lonaconing..... 000 000 0-0 3 4 4

Neft, Floyd Play In Tourney Finals

The top-ranked Neft was forced to three sets yesterday before polishing off John Harris, fellow Washingtonian, in the semi-finals, 8-10, 6-1, 6-4.

Floyd, from Arlington, Va., knocked off third-seeded Doyle Royal of Bethesda, Md., 6-4, 7-5. The finals in the women's singles today sent top-seeded Mrs. Fritz Hubitz of Washington against Miss Norma Plauer of Wheeling, W. Va. Mrs. Hubitz won her semi-finals match against Miss Wanda Naylor of Baltimore 6-0, 6-1, and Miss Plauer defeated Dorothy Kott of Washington 6-0, 6-0.

POST CAGE TEAMS SEEK CITY TITLES

The Post Playground junior three-man basketball team, seeking a repeat as city champion, moved to the finals last night by defeating Mapleside, 38-18. Post's will meet Columbia Street, North End victor, next Wednesday, 7 p. m., on the latter's court.

Gary Crabtree, George Twigg, Joe Barringer, John Goss and Eddie Reynolds played for Post's who held an 18-10 lead at the half. Bill Sheetz, Paul Green and Dick Bittner were on the Mapleside threesome.

The Post seniors also copped their division and take on West Side next Wednesday night for the senior championship at the Post court.

Frederick 'Out' In Kids' Tourney

HUNTINGTON, W. Va. (P)—State Little League baseball champions Owensboro, Ky., and Bristol, Va., clash today to determine which will enter the Southern Regional event at Louisville, Ky., next week.

Owensboro's Sherman Chappell pitched a no-hitter in leading the Kentuckians to a 3-1 win over Montgomery, W. Va., after Bristol knocked Frederick, Md., out of competition, 13-10, in the opening game.

Chappell had a shutout going until the last inning of the six-inning contest when the West Virginia champs scored on a walk, a wild pitch, an error and an outfield fly.

Owensboro's only scoring came in the first after catcher David Rose hit a double with the bases loaded.

Frederick had a 5-2 lead after one complete inning before Bristol, sparked by a three-run homer by Bobby Green, put across eight runs in the second inning to reverse the scoring, 10-5.

Bristol, gathering one insurance run each in the fourth and fifth innings, allowed Frederick five runs, three in the sixth, behind relief pitcher Dave Faulner.

A two-run homer by Darryl Feagea highlighted the Marylanders' late rally.

Leatherman Cops Feature At Speedway

Louie Leatherman walked off with first-place honors last night at the Potomac Valley Speedway by winning the feature race and the second and third heats, being the only driver to win more than one race.

Leatherman, from Fort Ashby, driving car No. 67, hit the wire ahead of Cumberland's Glenn Hill (No. 9), car Kl, driven by Kenny Boit, Leo Blubach (No. 280) and Stan Dantzic who was behind the wheel of car No. Va.

There was a bad spin out in the feature event in which car No. 4 1/2 pld into No. 57, driven by Al Gatto. Gatto managed to stay in the race, but 4 1/2 was forced to withdraw.

Spin-outs also marred three other heats under the lights at the West Virginia Speedway. These occurred in the first race which was won by Boit, the second, in which Leatherman won his first of the night, and the third event when Gatto copped his only victory of the evening.

Although several cars were forced to pull out, no one was injured. Finishing behind Boit in the first race were Jess Lambert of Cumberland, and Keyser's Stan Dantzic. Don Sarver took second-place honors in the second heat, as the Cumberlander was followed by Bud Stickley of Keyser.

Hill was second in the third and show honors were won by "Cowboy" Hawkins.

Following Leatherman in the fourth race were Gatto and Hill in that order, while in the fifth Carl Whitacre of Ridgeley finished first, Ollie Beckman of Oakland was second and Bill Godwin of Cumberland third.

The ladies even had a chance to try their hand at driving at the Fort Ashby course. During intermission, between the fifth and feature races, Blanche Desoto, driving car 288, won the Powderpuff Derby finishing ahead of Rose Godwin (car XXX) and Mary Grace Miller (car 115).

Burkey's Knocks Maple Inn From County Playoffs

Burkey's, rated the dark-horse in the County Softball League playoffs, lived up to its reputation yesterday by knocking pennant-winning Maple Inn Old Germans from the semi-finals, 6-5, in eight innings at Kennell's Mill.

The victory shoves the third-placers into the finals against runnerup Corriganville next Thursday, 6 p. m., at Corriganville. In the event of rain the tilt will be moved back to Friday the same time.

Burkey's, winner over Maple Inn three times in eight games during the season, swept the best-of-three semi-finals by taking the opener, 15-3, and then rallying for a run in the bottom of the eighth to seal yesterday's triumph. The Applainers had come from behind, 5-1, with four markers in the sixth to send the game into overtime.

Jim Browning's double and Bob Gomer's single scored the winning run in the extra inning.

Browning sparked the winners with three two-baggers while Ronnie Schadt belted a two-run homer during the four-run rally in the sixth frame. Jack Brant and Joe Glass shared four of Maple Inn's seven hits.

Your Horoscope

Look in the section in which your birthday comes, and find out what your outlook is, according to the stars.

FOR SUNDAY, AUGUST 11, 1957

MARCH 21 to APRIL 20 (Aries)—There's no time like the present to get things done, as you have heard before. But so often we hear, and repeat, wise sayings, but do what about them actually? Start the day at church.

APRIL 21 to MAY 21 (Taurus)—This is a day for serious reflection—not worry or anxiety, but sincere, thoughtful reflections upon habits, attitude, etc. Use that good Taurus head.

MAY 22 to JUNE 21 (Gemini)—The strength of this sign, its verve and zest for life is an inspiration. Be sure today that you do not forget the spiritual side, prayers, church services. Your best foot forward the new week.

JUNE 22 to JULY 21 (Cancer)—Some people are a pleasure to speak with, some a delight to enjoy. Today offers these pleasures but many must be uncovered, and you will be missing a lot if you don't seek them out.

JULY 22 to AUGUST 21 (Leo)—How to allocate matters properly may be a problem of sorts now. Calm, right-cous and dignified procedure will achieve much, however.

AUGUST 22 to SEPTEMBER 23 (Virgo)—Generally friendly influences, but use your best judgment in all things. Don't let it be said of you that you acted first and thought afterward.

SEPTEMBER 24 to OCTOBER 23 (Libra)—Imagination, vitality, truly constructive thinking power may not be at a peak today, but everything worthwhile has its off days. YOU maintain harmony, order and optimism.

OCTOBER 24 to NOVEMBER 22 (Scorpio)—Delicate matters, familiar tasks, children's interests especially favored. Be agreeable to necessary change of plans and priorities. Be conscientious to YOUR part.

NOVEMBER 23 to DECEMBER 21 (Sagittarius)—Emotions, sentiment may be strong. YOU be sensible and control feelings, remarks; stabilize wherever you can, even in the smallest matters. It will make your day much happier.

DECEMBER 22 to JANUARY 20 (Capricorn)—Heed advice to Scorpio and Virgo now. Dr. H. has some restrictive influences and Mars' position warns against ill temper and carelessness.

JANUARY 21 to FEBRUARY 19 (Aquarius)—In a time of stress or strain, the more quiet the word, the stronger, more effective. Planetary vibrations should further progress.

FEBRUARY 20 to MARCH 20 (Pisces)—Great spurts of energy can be effective, but in the long run steadiness counts most. Plan, pray, prepare for the week ahead.

YOU BORN TODAY: Your idealism, exuberance and kind-heartedness are strong. Ever bright and on the go, you may at times wear down your fine energies. Be sensible, set yourself rules for health and keep them. You can meet adversity with true courage, and this trait has made great leaders in times of need. Don't be self-indulgent and do curb tendencies toward impatience and vanity.

Take a look at the North and South hands only. You want to reach a three no-trump contract and should make it easily provided all four diamonds don't show up in one hand against you and provided East and West can't develop a five-card spade suit.

North and South bid three no-trump very nicely. South doubled East's opening club bid and then jumped to two no-trump.

Sore Throat? Try A Beard

GRAND RAPIDS, O.—(INS)—One hundred and two-year-old Jerome Bonapart Minnick may have come up with a way to prevent sore throat.

Minnick, a pioneer farmer in northwestern Ohio who retired at the age of 90, offers this formula against sore throats.

"Always did wear a beard. A doctor told me I would never be bothered with a sore throat if I did and darn if he wasn't right."

System For Hotels Devised

IOWA CITY, Iowa.—(AP)—You wouldn't have to know the language to reserve a hotel room in a foreign country, under a system being worked out by a State University of Iowa professor.

Prof. Erich Funke, head of the university's German department, calls the system Translingua. Under it you would simply substitute numbers for common words.

For instance, if you wanted to cable "Arriving Monday. Reserve single room with bath" you would simply transmit "432-27.212." Dr. Funke feels that such a system might be a boon to travelers and hotel operators the world over.

The numbers, he explains, would mean the same in any language and clerks could decipher the number messages by consulting dictionaries now being prepared by Dr. Funke and his staff.

Health Fund Concern For County Heads

City Council Has Voted To Halt Support Of Work

As budget-making time arrives for the Mayor and Council of Cumberland, a question rears its head.

Who is to assume the city's share of operating the County Health Department?

When the Board of Allegany County Commissioners set its budget in April, it provided for \$57,000 to be allocated to the Board of Health.

More Money Needed However, it takes a contribution of \$75,000 from this county to the State Board of Health for the such services.

Heretofore, the City of Cumberland had always contributed along with the county. Three years ago, the city fathers appropriated \$43,000 towards the health account.

Then, under the Case Act, the method of contributing to the State Board of Health was changed.

As a result the City Health Department was abolished, and the County Health Department was taken over entirely by the state.

So, under an agreement between the commissioners and the councilmen, the city's share of the health money was to be reduced over a five-year period to a point where it would be zero.

Lowered Last Year Last year it was lowered from \$43,000 to \$33,000 and the commissioners in April asked for \$19,000.

However, the Mayor and Council met and despite the objections of Mayor Roy W. Eves in a session that waxed warm in verbal rebuttals, voted to discontinue any payment toward the health fund.

Some of the commissioners said that if the city was not required by law to contribute the money, it should not do it.

They pointed out that for years Cumberland was the only city in Maryland outside of Baltimore that had its own health department, thereby easing the county department's case load.

William H. Lemmert, president of the Board of County Commissioners, said today he hopes the Mayor and Council fulfill the "gentleman's agreement" on the five-year plan for gradual reduction of the city's contribution.

Health Officer Condemns House

The Maryland Realty Company has been ordered by Dr. W. Ross Cameron, acting county health officer, to correct a condition at a Klondyke dwelling the firm owns.

Dr. Cameron's order notifies the company to repair the structure, keep it vacant or else destroy it and clean up the lot.

A letter stating the condition of the dwelling was received by the County Board of Commissioners. Certain families and county authorities requested a check be made on the home next to the Klondyke Water Supply.

On July 31 an inspection was made by J. B. Dowling, chief sanitarian and Walter Patterson, sanitarian of the county health department.

They found it "unfit for human habitation and dangerous to the life and health of the people that now occupy it." It is also a fire hazard and because of the need of repairs to the foundation, rafters and structure of the building, defective drainage and defective plumbing the premises are detrimental to health.

Dr. Cameron said in the letter to the Realty Company that the order is effective August 1.

Keyser Brothers Receive Awards

Patrick L. Franklin and John A. Franklin, who are brothers and residents of Keyser, were awarded gold watches in recognition of 25 years service at the Amcelle Plant of Celanese Corporation of America, recently.

R. Finley Thompson, plant manager made the presentation to Patrick, John, who has been off work for a month due to an eye disability was presented a watch at his home.

Both men also received a 25 year, five-star Celanese service award and certificate.

Two Parcels Of Land Purchased By State

The State Roads Commission has purchased two parcels of land along U. S. Route 220 in the Rawlings-McCoolle area, according to deeds filed at the Court House.

Some 3,860 square feet of property owned by Herschel E. Junkins and Nellie G. Junkins, his wife, was sold to the SRC as well as 2,850 square feet of property owned by Harry D. Fike, his wife and others.

Swim Classes To Run Week Longer

The Recreation Department announced yesterday the adult swimming class which started Monday has been so successful it will be extended for another week.

Classes next week will be Monday through Friday from 7 to 8 p. m. In charge are John Morris and Martha Miller.

HEALTH HAZARD—Those pictured and other residents of the section claim an open ditch in the Wempe Drive area is a hazard to health and that water is washing away property on which they pay taxes. Looking at the ditch are: Gordon Griffin, (pointing) 19 Wempe Drive; Mrs. Mary Dickens, 17 Wempe Drive;

Mrs. Griffin; Mrs. Frank White, 29 Wempe Drive; Mrs. Eugene Martin, 25 Wempe Drive; and in front, Beatrice White, Joyce and Marie Martin, and Davey White, all children. The city claims the cost of improving the condition is \$99,000. The building seen in the photograph is the Griffin garage.

Man, Married In Oakland, Held By FBI

UNIONTOWN, Pa. — The FBI announced the arrest last night in Miami, Fla. of a 29-year-old Fayette County coal miner wanted for the slaying of an 81-year-old Masontown grocer.

Special Agent E. H. Winterrowd said Joseph Watreas was arrested in a five-and-ten cent store. He was waiting for a woman companion to finish work.

The FBI said Watreas went to Miami July 30.

The FBI identified the woman companion as Audrey Clark, 25, of Vanderbilt, Fayette County. Winterrowd said the woman and Watreas allegedly were married at Oakland, Md. July 29, the day Alvie O. Partridge was found slain.

Winterrowd said Watreas denied any connection with the strangulation of Partridge. The elderly grocer was found strangled with an electrical cord, his arms tied behind his back.

The FBI said Watreas will be arraigned before a U. S. commissioner on Monday.

Robbery apparently was not the motive for the slaying since police found \$111 in Partridge's cash register and government bonds worth \$7,000 in his home next to the store.

Fayette County records show Watreas already is married and has a 3-year-old son, living with his wife, Helen, in Masontown.

Hayride Planned By Playground

Members of the Teen Age Club of Johnson Heights Playground will meet today at 7:30 p. m. for a hayride that will start at Nave's Crossroads.

This week's playground activities included a picnic Tuesday with nose bag lunches and free soft drinks and a wheels parade last night.

Jackie Reuschel was crowned queen of the playground at the recent festival. Her attendants were Joan Roland, Diane Lewis, Gayle Proudfoot and Sharon Mellon.

Winners of the recent costume show were Ann and Dale Smith, Roger and Danna Llewellyn and Theodore Hare.

Man Fined On Game Violations

Ray Bruce Whorton, Flintstone, was found guilty of three game and fish law violations yesterday when he appeared before Magistrate J. Milton Dick in Trial Magistrate Court.

He was charged with having under size fish in his possession, taking fish from a stream without a license and shooting fish in a stream.

He was fined \$35 on the first count, \$10 on the second count and \$100 on the third count. Fines on the first two charges were suspended by Magistrate Dick.

VFW Picnic Set For Tomorrow

The picnic of Henry Hart Post 1411, VFW, will be held tomorrow at Smouse's Beach beginning at 11 a. m.

Harry Reiber, chairman, said the picnic is open to post members, auxiliary and social members, and their families. Cars will be leaving from the post home for those who need transportation.

Hitch-Hiker Reports He Was Robbed

A Kentucky man who hitched a ride from Bedford to Cumberland reported to police that his "benefactor" lifted his wallet.

The man, Chester Witt, of Wooten, Ky., said he dozed off after being picked up by a motorist and when he arrived here he got out of the car with a suitcase and hand grip unaware that his wallet had been taken.

Witt gave police a vague description of the motorist. He also gave police a Baltimore address where he can be reached in the event there are any developments in the case.

Settlement Made In Suit

Settlement of a \$1,000 damage suit was noted in papers filed in Circuit Court today.

James Malone docketed the suit through his father, Edward Malone, 126 Mullin Street, against Thomas J. Burkinshaw Jr., of West Hartford, Conn., for injuries received in a two-car collision at the intersection of North Mechanic and Valley streets.

The declaration states that James Malone was a passenger in his father's car on March 16 and that Burkinshaw drove through a stop sign and crashed into the Malone machine.

The boy was thrown against the windshield and suffered a fractured skull and other injuries. The case has been settled by Attorney Donald W. Mason for the plaintiff and Attorney Thomas N. Berry for the defendant with payment of the \$1,000 requested.

Test Scheduled At Filter Plant

Water Commissioner William J. Edwards said a test of the city's water treatment facilities will be held next week.

Plans for the test of the complete operation of facilities which have been added to the Lake Gordon filter plant during the past few years were made at a meeting yesterday in City Hall.

Attending were Robert T. Regester, consulting engineer who designed the facilities, Mayor Roy W. Eves and Mr. Edwards.

Included in the test will be the six new filter units which were completed in 1953 at the cost of some \$310,000, the 12 original filters which were modernized for some \$200,000 and the contact basins and related work which is now being completed under a \$93,000 contract.

The test is expected to set the stage for the acceptance of the work being completed by the Hazelwood Construction Company.

ABL Employees Win Photo Prizes

John T. Lloyd and Keith Sisk, employees of the Allegany Ballistics Laboratory were winners in the annual photographic contest sponsored by the "Hercules Mixer," the company publication.

Lloyd won a \$10 cash award with his second place action sport entry and Sisk won a \$5 award for his general indoor entry. Both entries are pictured in the August issue of the publication.

Approximately 150 entries were scanned by the judges in the competition.

School Board Solves Knotty Pupil Problem

The Allegany County Board of Education will send a pupil residing in the Flintstone section to school in Pennsylvania and pay the cost.

A problem concerning the child arose due to a difficulty in school bus transportation.

Arthur G. Ramey, supervisor of transportation in county public schools, appeared before the County Board of Commissioners yesterday and said that after conferring with Ralph R. Webster, schools superintendent, it was decided the board will pay the cost of sending the child to school in that state.

Mrs. Benjamin Lashley Jr., who resides on Bear Camp Road in the Flintstone section, has been sending one of her children to school in nearby Bedford County because the Allegany County school bus comes only to a point about a mile away from their residence.

The family will soon have two other children who will reach school age. Last year the Lashley child attended school in Clearville, riding a Pennsylvania school bus which comes near their home.

Earl E. Manges, local attorney, recently appeared before the Board of Commissioners on behalf of Mrs. Lashley requesting the board to install a bridge across a stream which bisects the roadway.

Because of the condition of the road, the Board of Education had decided to pay the cost of sending the Lashley child to a Pennsylvania school.

Warm And Humid Weather Forecast

The weather tonight and tomorrow will be warm and humid with the overnight low ranging from 62 to 66 degrees.

Scattered showers and possibly thundershowers are predicted for tomorrow with temperatures in the 80s. A total of .03 of an inch of rain fell early today.

Doctor Of Education Degree Given Routh

A doctor of education degree was received today by W. Valgene Routh, supervisor of music education in Allegany County Schools for four years. He received the degree at Pennsylvania State University at the summer commencement exercises.

Routh will leave next week for Allentown, Pa., where he will assume new duties as supervisor of music education.

"The Construction and Validation of An Achievement Test in Music Appreciation for General College Students in the State Teachers Colleges of Pennsylvania" was the subject of his thesis, which was 18 months in preparation. He has been working toward his doctorate since 1949.

A native of Cambria County, Pa., Mr. Routh was graduated from Indiana (Pa.) State Teachers College in 1938 and received his master's degree at the University of Michigan in 1944.

Two other residents of Allegany County received master of education degrees in elementary education at the Penn State graduation.

B&O Using New Diner On Capitol Train

Two Siesta Coaches Purchased For Use On The Columbian

The Baltimore and Ohio Railroad is using a new type diner on the Capitol Limited, T. J. Klauenberg, Cumberland Division superintendent, noted today.

The railroad also announced that it has purchased two Siesta coaches from the Budd Company for use on the Columbian. This will provide private room accommodations for both daytime and overnight sleeping at regular coach fares, plus a new low space charge.

Two In One The diner is in reality two diners that were hooked together into one articulated car, refinished and refurbished in the Mt. Clare Shops.

Klauenberg said a larger diner was needed as the railroad had to put two regular-size dining cars on the Capitol Limited due to the heavy traffic.

In one half of the new long car is the kitchen and quarters for the crew, while the other half is all dining space. Many more passengers can be served at one time in the new car.

Used For Sleeping

The Siesta coach sleeps 40 persons, and provides 32 private rooms paired in duplex style. The upper rooms are two feet above the aisle floor, and the lower accommodations are at aisle level. By dovetailing rooms in this manner, the railroad will put to use more of the available interior capacity of the car, without sacrifice of space for passenger comfort.

Each room will contain an upholstered chair for daytime travel, a bed more than six feet long with a foam rubber mattress, private toilet facilities, full length mirror, and luggage space. Among the new features is a crib for infants to be suspended above the mother's head.

The B&O is first railroad in the east to purchase this new low-cost, high capacity equipment. The cars will be used on the Columbian between Washington and Chicago.

Army Show Set Tonight

Pekin Club Asks Building Repairs

The Pekin Community Club has written the Allegany County Board of Commissioners for financial aid in making repairs to the old school building leased to the club by the county.

In the letter, Miss Genevieve McKenzie, secretary of the club, outlined a number of improvements undertaken and paid for by the club.

However, the letter stated, the organization finds the second room in deplorable condition and needs plaster work and repainting.

The outside of the building also needs improvement work. The club invited the board to inspect the building "to better understand our needs."

James G. Stevenson, board clerk, was notified to contact Miss McKenzie and inform her Gorman E. Getty, counsel of the board, will meet with the club at its next meeting to discuss the matter.
